

## Our Environmental Policy

It is the policy of our company to manufacture and supply products, adhering to the relevant environmental laws, regulations and other demands which are applicable to our organisation.

- ⇒ We are committed to prevention of pollution
- ⇒ We are committed to continual improvement of all our processes that are relevant to the environment and the prevention of pollution
- ⇒ Our processes are constantly monitored, reviewed and audited to confirm conformance and identify improvements.
- ⇒ Environmental implications are considered in the design and manufacture of our products
- ⇒ We involve and encourage our stakeholders in our business to be involved in the protection of the environment.
- ⇒ This environmental policy is communicated to employees; business partners and is available to the public.
- ⇒ We have an Environmental Management System that complies with ISO 14001:2004
- ⇒ We review this policy and our environmental objectives and targets on a regular basis.
